Ayera, cuatro estudiante di UTS a cuminza un programa di entrenamiento practico di diez siman den Electrical y Instrument Sections di Mechanical Department. E estudiantenan ta: Marco F. Figaroa, John O. Fraser, Brigilio A. Geerman y Marciano G. Hernandez.

AWACERU DI SORPRESA TA ALCANZA TRES DUIM

For di cuminzamento di e awaceru pisá awe madrugada te cu 8'or awe mainta, Laboratorio a registra 3.5 duim di yobida. Esaki ta compara cu 4.93 duim di yobida durante periodo di Januari pa Augustus 1971.

POCO POCO ORA CU AWA YOBE.....

Stuurmento den condicionnan di yobida ariba camindanan cu ta slip, hopi vez cu velocidad reduci, ta requerí hopi habilidad. Un bon poliza pa sigi ta "bai poco poco." Ahusta bo stuurmento segun condicionnan di caminda y evita startmento of stopmento di ripiente. Mira padilanti pa ora cu un situacion di trafico requerí pa bo reduci velocidad of bira, bo por haci esey gradualmente.

RCC MEETING AT LAGO

The Creole/Lago Refining Coordination Committee is holding a one-day meeting here today. Creole-Caracas Refining & Planning Departments and Amuay and Lago refineries are represented in this committee.

FOUR UTS STUDENTS BEGIN PRACTICAL TRAINING AT LAGO

Yesterday four UTS students began a ten-week practical training assignment program in the Electrical and Instrument Sections of the Mechanical Department. They are: Marco F. Figaroa, John O. Fraser, Brigilio A. Geerman and Marciano G. Hernandez.

SURPRISE SHOWER REACHES THREE INCHES

From the start of the heavy showers early this morning and until 8 a.m. today, the Laboratories registered 3.5 inches of rainfall. This compares with 4.93 inches of rainfall during the period January to August 1971.

EASY DOES IT WHEN IT RAINS....

Driving under rainy conditions over slippery roads, often with reduced visibility, requires plenty of skill. A good policy to follow is "easy does it." Adjust your speed to road conditions and avoid sudden starts or stops. Look ahead so that when a traffic situation requires slowing down or turning, you can do it gradually.
